Instructions For Use

All purpose protective glove for use in dry environment, with no chemical, microbiological, or electrical hazards.

Abrasion, cut, tear and puncture protection levels only applies to the palm. Impact protection applies to the back of hand but not fingers. Gloves will not lose their mechanical properties for up to 3 years. This can be dependent on factors such as amount of use and providing the gloves are stored correctly.

Warning

Gloves should not be worn where there is a risk of entanglement in moving machinery.

Check gloves for damage before use. If damaged please discontinue usage and replace with a new glove. Remove contaminants with damp cloth.

Product contains latex and accelerators which may cause irritation. In case of irritation discontinue use and seek medical advice.

Storage Instructions

Store in a cool, dry place away from frost and direct sunlight.
