

CUT RESISTANT I HAND

CT1071PU

We Protect People.

Graphene Fibre, the next generation in cut-resistant fibre technology.

- 25% Lighter than a standard fibre cut E glove
- No blended fibre glass therefore no fibre breakdown which reduces protection and causes irritation.
- Pinky drop technology ensures that the glove follows the contours of the hand including the little finger, this improves dexterity and comfort.
- 9.16x stronger than HPPE on an equal weight glove
- High density PU for grip
- High levels of flexibility, tactility and durability
- Breathable to reduce clammy hands
- Powerful grip across wide range of applications
- Anti-bacterial treated to prevent odour

Key Industries

- Aerospace
- Automotive
- Construction
- Metal Fabrication
- Steel
- Utilities

Scan For More Information

Liner	Graphene fibre
Coating	PU
Coating Coverage	Palm
Packaging	100% Recyclable 12 Pair Paper Band 144 Case LDPE Poly Bag
Sizes	6-12

EN Standards

Environments

We have switched to paper band packaging which will prevent on average 250g of single use plastic per case entering the market
